

ABOUT US

Located in Jiaxing in the Greater Bay Area of Hangzhou Bay where the manufacturing and logistics industries thrive, RIZEN Hardware is a newly founded warehousing shelf and facility producer and supplier whose business scope covers the design, manufacturing, sales and installment of shelves.

Featured products are supporters, warehousing shelves and warehousing accessory facilities, including shelves for light-bearing, medium-bearing and heavy-bearing goods shelves. To well meet needs of clients, we also work as OEM and provide sound after-sales services and technical support.

Our products have made presence in the U.S, Brazil, Europe, Africa and Southeast Asia.

Supported by highly efficient logistics services, we arrange timely shipments and provide most competitive prices. With robust growth, RIZEN develops core competitiveness. We promise to inspect equipment regularly so as to ensure product quality.

Long-term partnership on a friendly basis would be highly appreciated. RIZEN will be your best partner.

Profession: We're a supplier specialized in goods shelf and our products are safe and in good quality! We're looking forward to establishing a long-term and steady cooperative relationship with customers.

More solutions: More tailored plans that meet your demands! We'll treat your every single request carefully and provide solutions. Price, service or quality, or whatever it concerns, we're always ready to listen to your valuable advices. We may not be able to solve them all, but we'll exert ourselves to improve it according to your requests.

Preferential prices: The price is not a key element in cooperation, but quality and high cost performance ratio necessarily matter.

Humanized management: Human-based management! "Learn to be a man before engaging in business."

Superior technology: We provide the continual delivery of superior technical support while simultaneously providing industry leading customer satisfaction and support.

Our best value shelving – compare our quality and our prices

RIVET GARMENT RACKS

The perfect storage solution for any bulk garment hanging requirement. All constructed from Rivet racking components for simplicity and ease of assembly.

The 25mm zinc coated tube slots into place on the notched beams and can be located in five different positions. This can provide a single rail centrally positioned or two rails located on each face of the rack providing twice the capacity. Each storage level can be adjusted every 38mm.

Two single rail garment bays connected with tie plates

ARCHIVE STORAGE SOLUTIONS

Our Rivet Archive range is the perfect solution for high density paper storage and archiving.

Our range of Archive Storage Solutions is formed of our Rivet range combined with high quality Heavy Duty Archive boxes. Each individual box offers a loading capacity of up to 15kg, with shelves supporting a UDL of up to 300kg.

Rivet Archive is available in two depths, three heights and two widths and is perfect for the storeroom, workshop or warehouse.

Need More Boxes?

Our Heavy Duty Archive box and lid are designed to hold 15kgs of paper. The robust construction means documents will be securely and safely stored. The boxes come flat packed and are easy to assemble. Boxes come with handle holes for easy transportation and the internal dimensions are 250H x 330W x 390D.

Perfect solution for production environments

KANBAN SHELVING

Rivet Racking Kanban is our solution for production line-side supply systems, where sloping shelves present containers for easy access and at the right height for operatives.

This can reduce costs and increase efficiency for manufacturing operations or inventory management. The two bin arrangement simplifies stock rotation and replenishment. When the front bin is removed the bin behind takes its place, leaving a space that is clearly identified for refilling on the next inspection.

Kanban Shelving with 3 Sloping Shelves
